**Tip!** Try to use the first listening to answer the question, and then check your answer during the second listening. If you're still not sure, have a guess – don't leave the answer blank.

### Advice

3 If you are not sure of the answer, try to eliminate each option, e.g. Alfie is asking Jake something – but is it a favour or does he need advice? He is also telling Jake something – does Jake know about it already? And is he confirming travel arrangements or making new ones?

5 For this question, you need to look carefully at the feelings adjectives. The girl says she would've regretted it if she had bought something expensive she saw. What does she mean?
